THE REPUBLIC OF KOREA BECOMES A FULL PARTICIPANT IN THE
OECD COUNCIL WORKING PARTY ON SHIPBUILDING

- At its meeting of 7th-9th November 1990, the OECD Council working party on Shipbuilding welcomed the Republic of Korea as a full participant. This is the first time that a non-Member country of the OECD has joined this working party as a full participant. Since 1987, the Republic of Korea had been a member of a liaison group between the OECD Council working party and that country.
